SUMMARY

Results-driven Senior Drupal Developer with 4+ years of experience in building, migrating, and optimising complex websites. Expertise in Drupal 8–11 theming, module development, and site architecture with a strong focus on accessibility, performance, and scalability. Skilled in Twig, Composer, Git, and responsive design frameworks to deliver efficient, maintainable, and user-friendly solutions. Proven ability to collaborate with cross-functional teams, troubleshoot issues, and drive projects that enhance user experience and meet client goals.

WORK EXPERIENCE

Senior Drupal Developer, Franchise India Brands Limited   **Sep 2025 - Present**
- Led end-to-end Drupal site migrations, ensuring data integrity, configuration management, and minimal downtime during transitions.
- Developed and customised Drupal themes and modules using hooks, templates, preprocess functions, and Twig for scalable front-end solutions.
- Implemented responsive designs with HTML, CSS, and SASS, improving accessibility and performance across desktop and mobile devices.
- Collaborated with UX teams, applied Git version control, and conducted thorough testing to ensure cross-browser compatibility and site optimisation.

Drupal Developer, Douce Infotech Pvt Ltd   **Aug 2021 - Sep 2024**
- Designed and deployed Drupal themes and components for enterprise-level sites, focusing on scalability, usability, and maintainability.
- Integrated third-party services, troubleshooting compatibility issues while enhancing site functionality and speed.
- Applied best practices for accessibility (WCAG), SEO, and performance tuning, resulting in improved user engagement metrics.
- Worked in Agile workflows with Git and Composer to manage project releases and updates efficiently.
